

Dr. hab. Włodzimierz Sroka is an associate professor at the Management Department of WSB University in Dąbrowa Górnicza (Poland) as well as extraordinary professor at North-West University (South Africa). He specializes in theoretical and practical issues relating to the management and strategic management. He is the author of numerous scientific papers about strategic alliances, network organizations, strategy, restructuring of the company, CSR and business ethics, as well as innovations and entrepreneurship published both in Polish and international journals and monographs published by well reputable publishers such as Springer Verlag, Shaker Verlag, or London Scientific. He is also a member of Editorial Teams and Editorial Boards of numerous scientific journals, e.g. guest editor and Editorial Board member at *Sustainability* (Impact Factor 2,592; indexed in Web of Science and SCOPUS), senior editor at *European Journal of International Management* (Impact Factor 1,349; indexed in Web of Science and SCOPUS), co-editor at *Organizacija* (indexed in Web of Science and SCOPUS), member of International Advisory Board at *Engineering Management in Production and Services* (indexed in SCOPUS), member of Editorial Board at *Marketing and Management of Innovations* (indexed in Web of Science), member of Editorial Board at *Central European Business Review* (SCOPUS), member of Editorial Board at *Cultural Management: Science and Education* (accepted for SCOPUS). He is also Editor-in-Chief of the journal *Forum Scientiae Oeconomia*.

Currently he merges his scientific activity with being the CEO of a medium-size engineering company. He was previously employed in different managerial positions (Director, Member of the Management Board, Vice President of the Board and Managing Director) in both the steel and machine industries, running very large (over 10.000 employees), large (over 1.000 employees) and medium size enterprises. He was also a member of the Supervisory Boards at different companies, operating in steel, machine and chemical industries (currently he holds the position of Vice-Chairman of the Supervisory Board at the company operating in chemical industry).
